The FJR1300 is very reliable and can achieve very high mileages. The biggest problem is the lack of good servicing that can cause premature failure of certain components that when serviced correctly will last a very long time. Look for for a bike with a full FJR CENTRE service history when buying. A fully stamped service book is NO Gaurantee that the bike has been serviced properly. All servicing establishments should supply a detailed 'work carried out' sheet with prices.
