A History of Neglect | University of Tennessee Press
A history of persistent maltreatment is the most common background for out-of-home placement of children and the failure of biological parents to care for their children is often correlated with mental health problems, such as drug abuse and alcohol abuse (Chernoff, Combs-Orme, Risley-Curtiss, & Helaler, 1994). In the US, parents' substance abuse is one of the most frequent causes of foster placement.

History of Neglect: Health Care Southern Blacks Mill ...
Neglect is the ongoing failure to meet a child's basic needs and the most common form of child abuse 2. A child might be left hungry or dirty, or without proper clothing, shelter, supervision or health care. This can put children and young people in danger. And it can also have long term effects on their physical and mental wellbeing.

Child neglect is a form of child abuse, and is a deficit in meeting a child's basic needs, including the failure to provide adequate supervision, health care, clothing, or housing, as well as other physical, emotional, social, educational, and safety needs.All societies have established that there are necessary behaviors a caregiver must provide in order for a child to develop physically ...

Child neglect - Wikipedia
Looking Back: The History of Mental Health America (*Content warning: mentions of suicide, death) The history of Mental Health America is the remarkable story of one person who turned a personal struggle with mental illness into a national movement and of the millions of others who came together to fulfill his vision.

Our History | Mental Health America
Neglect can happen at any age, sometimes even before a child is born. If a mother has mental health problems or misuses substances during pregnancy, for example, she may neglect her own health and this can damage a baby's development in the womb (Haynes et al, 2015). > Find out more about parental substance misuse

Protecting children from neglect | NSPCC Learning
Neglect can sometimes happen at the same time as other types of abuse. If your parents or carers do not spend much time with you, say things to put you down, threaten or shout at you a lot, this could be abuse even if you do have enough food, clothes and a place to sleep.
