The history of religion refers to the written record of human religious feelings, thoughts, and ideas. This period of religious history begins with the invention of writing about 5,220 years ago. The prehistory of religion involves the study of religious beliefs that existed prior to the advent of written records. One can also study comparative religious chronology through a timeline of religion. Writing played a major role in standardizing religious texts regardless of time or location, and mak

Religion in France is diverse under secular principles. It can attribute its diversity to the country's adherence to freedom of religion and freedom of thought, as guaranteed by the 1789 Declaration of the Rights of Man and of the Citizen. The Republic is based on the principle of laïcité (or "freedom of conscience") enforced by the 1880s Jules Ferry laws and the 1905 French
