To support the broadening spectrum of project delivery approaches, PMI is offering

Download Free Accredited Et Management Specialist Professional Designation Program 14 Volume Set Containing Modules 1 12 Plus

A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Sixth Edition as a bundle with its latest, the Agile Practice Guide. The PMBOK® Guide – Sixth Edition now contains detailed information about agile; while the Agile Practice Guide, created in partnership with Agile Alliance®, serves as a bridge to connect waterfall and agile. Together they are a powerful tool for project managers. The PMBOK® Guide – Sixth Edition – PMI's flagship publication has been updated to reflect the latest good practices in project management. New to the Sixth Edition, each knowledge area will contain a section entitled Approaches for Agile, Iterative and Adaptive Environments, describing how these practices integrate in project settings. It will also contain more emphasis on strategic and business knowledge—including discussion of project management business documents—and information on the PMI Talent Triangle™ and the essential skills for success in today's market. Agile Practice Guide has been developed as a resource to understand, evaluate, and use agile and hybrid agile approaches. This practice guide provides guidance on when, where, and how to apply agile approaches and provides practical tools for practitioners and organizations wanting to increase agility. This practice guide is aligned with other PMI standards, including A Guide to the Project Management Body of Knowledge (PMBOK® Guide) – Sixth Edition, and was developed as the result of collaboration between the Project Management Institute and the Agile Alliance.

Life Care Planning and Case Management Handbook, Second Edition brings

together the many concepts, beliefs, and procedures regarding life care plans into one state-of-the-art publication. This second edition of a bestseller is focused on prioritizing and managing the spectrum of services for people with serious medical problems and their families. Keeping up with advances in the field, this is the most comprehensive reference for everyone concerned with coordinating, evaluating, assessing, and monitoring care.

Life Care Planning and Case Management Handbook, Second Edition brings together the many concepts, beliefs, and procedures regarding life care plans into one state-of-the-art publication. This second edition of a bestseller is focused on prioritizing and managing the spectrum of services for people with serious medical problems and their families. Keeping up with advances in the field, this is the most comprehensive reference for everyone concerned with coordinating, evaluating, assessing, and monitoring care.

Life care planning is an advanced collaborative case management specialty practice focused on assessing, evaluating, coordinating, consulting, planning for, and monitoring necessary services for individuals with complex medical care needs over their lifetime. This handbook provides a comprehensive resource for all people involved with catastrophic impairments and chronic medical care case management. The Life Care Planning and Case Management Handbook, Fourth Edition, begins by defining the roles played by each of the key team members

working with the life care planner. It provides planners with insights critical to successful interactions with medical and health care-related professionals as well as the team members they are most likely to encounter as they work to build an accurate and reliable life care plan. Next, the text offers up-to-date information on the medical conditions most frequently encountered by the life care planner. The contributors, who are recognized experts in their disciplines, also address issues in forensic settings, ethics, standards, research, and credentials. The fourth edition includes numerous chapters on general issues, as well as updated standards of practice from the International Academy of Life Care Planners (IALCP), Life Care Planning Consensus Statements, and valuable step-by-step charts and checklists. Completely updated and expanded, this revised handbook now includes new chapters on multicultural considerations in life care planning, admissibility of life care plans in U.S. courts, and Canadian life care planning practice. Additionally, infused in other chapters, is new information on medical coding and costing for life care planners, life care planning in non-litigated contexts, as well as research and education within life care planning.

Life Care Planning is an advanced collaborative practice concerned with coordinating, accessing, evaluating, and monitoring necessary services for individuals with significant medical adversity. This handbook provides a comprehensive resource for all people involved with catastrophic impairments who need to solve complex medical care problems. Upda

This seventh edition of a bestseller has been totally revised and updated, making this the most comprehensive rewrite in the book's long and distinguished history. It includes new chapters, new sections and section editors, and new contributors. Offering an interdisciplinary approach to pain management, the book delivers a scholarly presentation fo

The SAGE Handbook of Tourism Management is a critical, authoritative review of tourism management, written by leading international thinkers and academics in the field. Arranged over two volumes, the chapters are framed as critical synoptic pieces covering key developments, current issues and debates, and emerging trends and future considerations for the field. The two volumes focus in turn on the theories, concepts and disciplines that underpin tourism management in volume one, followed by examinations of how those ideas and concepts have been applied in the second volume. Chapters are structured around twelve key themes: Volume One Part One: Researching Tourism Part Two: Social Analysis Part Three: Economic Analysis Part Four: Technological Analysis Part Five: Environmental Analysis Part Six: Political Analysis Volume Two Part One: Approaching Tourism Part Two: Destination Applications Part Three: Marketing Applications Part Four: Tourism Product Markets Part Five: Technological Applications Part Six: Environmental Applications This handbook offers a fresh, contemporary and definitive look at tourism management, making it an essential resource for academics, researchers

The most complete, step-by-step guide to the ACFS qualification The Accredited Counter Fraud Specialist Handbook is the only guide designed to support all mandatory elements of the ACFS qualification, in-depth and step-by-step. Written by recognized industry leaders, this book focuses specifically on the practitioner's role in fraud investigation in England and Wales, providing complete information about each stage in the investigative process. Readers gain access to all of the information needed to successfully complete the ACFS qualification, and to develop an awareness of the key skills required to undertake efficient, legally compliant, professional investigations. The book includes a Directory of Useful Information, featuring legislation, codes of practice, model forms, and more. As incidence of fraud continues to rise, many organisations are recruiting more Counter Fraud Specialists, and mandating Continuous Professional Development for established CFSs. The Accredited Counter Fraud Specialist (ACFS) is a recognized qualification in the field, and is mandatory for investigators in many organisations throughout the public and private sectors. The Accredited Counter Fraud Specialist Handbook is a complete guide to the qualification, both for CPD and first-time qualifiers. Gain a deeper understanding of the legislation related to fraud and investigation Learn the surveillance and intelligence gathering techniques that build a solid case Review the rules of evidence and statement taking guidelines Follow courtroom procedures and prepare a thorough prosecution file The professional qualification
