Things people say to Childcare Educators ~~Baby and Child Care: Benjamin Spock Interview~~ *All About Child Care And*

Day care, daycare, child day care, or childcare is the care of a child during the day by a person other than the child's legal guardians, typically performed by someone outside the child's immediate family. Day care is typically an ongoing service during specific periods, such as the parents' time at work.

Making affordable, high-quality early learning and child care (ELCC) available to all families will grow the economy, promote gender equality, increase women’s labour force participation and enhance children’s well-being. The federal government must play a leadership... Early Learning and Child Care: Essential for Women’s Economic Security

All For Childcare / Time For Childcare

Most states allow some child care providers to be exempt from child care licensing laws. Often these providers are relatives of the children they care for, care for a very small number of children, or operate only a few hours a day. Your state licensing agency can provide information about which types of providers are exempt from licensing in your state. Providers who are exempt from licensing still need to meet health and safety requirements if any of the
