This book takes you right from the original concept that lead Boeing to design the 737 through its 50 year evolution, in language that is easily understood. It looks at each system in turn ...

The Boeing 737 Technical Guide

The Boeing 747 changed the aviation industry in many ways. An iconic aircraft, loved by many, it is sadly now being retired by many airlines. With the new 747-8, though, the 747 is not going anywhere soon. This guide takes a full look at this long-running "Queen of the Skies," from its origins in the late 1960s up to the continuing production today. We will look at the many variants developed throughout this long history, as well as some that weren't, and the airlines that have operated ...

The Boeing 747 - Everything You Need To Know - Simple Flying

The Boeing 737-800 Study Guide is a compilation of notes taken primarily from flight manuals, but it also includes elements taken from class notes, computer-based training, and operational experience. It is intended for use by initial qualification crewmembers, and also for systems review prior to recurrent training or check rides.
