The exciting world of HD video is in your hands Your Canon VIXIA HD camcorder delivers crisp video and still images with eye-catching, brilliant colors, enabling you to create amazing video works of art. To help you get all that your camcorder has to offer, this convenient, portable guide shows you how to use the various modes, settings, and features, but that's not all. It also provides an overview of videography fundamentals, then takes you into the field with advice on using sound and light to their best advantage, editing your footage, choosing useful accessories, and more. Master the settings for VIXIA HD camcorder models HF10, HF11, HF100, HG10, HG20, and HG21, as well as HV20, HV30, and HR10. Experiment with exposure settings, white balance, image effects, zoom speed, and audio recording levels Learn more about developing a story, manipulating depth of field, composing shots, and protecting yourself with releases Transfer and edit your footage with iMovie® '09 or Pixela ImageMixr

Bursting with new features, Apple's iMovie '09 is vastly more usable and complete than iMovie '08 -- amazing right out of the box. But the box doesn't include a good user's guide, so learning these applications is another matter. iMovie '09 and iDVD: The Missing Manual gets you up to speed on everything you need to turn raw digital footage into highly creative video projects. You get crystal-clear, jargon-free explanations of iMovie's new video effects, slow & fast motion, advanced drag & drop, video stabilization, and more. Author and New York Times tech columnist David Pogue uses an objective lens to scrutinize every step of process, including how to: Organize your videos just like your photos, and precisely edit with ease Work on multiple iMovie projects at once and drag & drop clips among them Integrate with other iLife programs to use songs, photos, and an original sound track Output your creation to a blog, its own web page, or as a video podcast with iWeb Understand basic film techniques to improve the quality of the video you bring to iMovie From choosing and using a digital camcorder to burning the finished work onto DVDs, posting it online, or creating versions for iPod and iPhone, iMovie '09 & iDVD: The Missing Manual helps you zoom right in on the details.

This best-selling textbook presents the concepts of continuum mechanics, and the second edition includes additional explanations, examples and exercises.

Forced to take refuge in an abandoned cabin in the middle of the woods, Brandy thinks she's finally escaped her stalker. But she quickly realizes, she's not alone. An unimaginably sexy, and very naked, man appears in the middle of the night to offer her protection. She's captivated by his stormy eyes, until she learns his dark secret. She knows she could never tame him, but when he makes the ultimate sacrifice for her, she knows she can't live without him. The more he tries to resist her, the more she wants him and for once in her life, she intends to get what she wants. Stryde, the reclusive alpha wolf of the Dark Moon Pack, doesn't believe in love. Fate claimed the life of his mate and he refuses to spend more than a few nights with any woman. But when he meets Brandy, she turns his world inside out. Haunted by the failures of his past, he's compelled to help her. Even though he wants to return to his reclusive life, he can't. Her dangerously sexy curves and feral seduction awaken his body, but he can't offer her more than a few nights of fleeting pleasure. There isn't a woman in the world that can heal his shattered soul.

For three very different people brought together by their love for birds, life on the Queensland coast in 1914 is the timeless and idyllic world of sandpipers, ibises and kingfishers. In another hemisphere civilization rushes headlong into a brutal conflict. Life there is lived from moment to moment. Inevitably, the two young men - sanctuary owner and employee - are drawn to the war, and into the mud and horror of the trenches of Armentieres. Alone on the beach, their friend Imogen, the middle-aged wildlife photographer, must acknowledge for all three of them that the past cannot be held.

More than any other introductory psychology textbook, the Hockenbursy's brief book presents the discipline with a unique understanding of today's students--emphasizing its relevance and immediate impact on their lives. Without sacrificing science, the authors draw on personal experiences and anecdotes to illustrate essential concepts and important research direction. The "Fourth Edition" incorporates hundreds of new research studies throughout, with particular attention to areas of intensive current research and enduring student interest, including neuroscience, lifespan development, memory, and gender and culture issues. Also new is the dramatically enhanced media and supplements package, offering more ways than ever to help students make the study of psychology a part of their world.

Seminar paper from the year 2005 in the subject Communications - Public Relations, Advertising, Marketing, Social Media, grade: 1.0 (A in the USA), Emerson College (Marketing Communications), course: Consumer Behavior, 20 entries in the bibliography, language: English, abstract: Salem is a destination for about 800.000 people each year. This city has a deep history, which goes back into the 17th century and is famous for its legendary witch trials. Most people know Salem from this perspective and associate it with a historical and cultural heritage. In addition to its historical events, Salem has much more to offer. In particular, the newly restored Peabody Essex Museum, the House of Seven Gables, an engaging seaport past, etc. are remarkable and unique places to visit. However, most tourists come during the Halloween events and stay away for the rest of the year. Nonetheless, Salem is also internationally a known city. It should only be promoted including its true values and real heritage. Its image should be enriched and revived in order to get more consumers over the whole year. The following consumer audit will determine potential target markets for Salem, and emphasize on particular one, which should be addressed during the next campaign. One particular target audience, which had been neglected over the years by most marketers will turn out to be the most attractive to choose. Its expenditure and consumption behavior will be studied and the decision process discussed. The product itself, its positioning, distribution, and post purchase factors will be emphasized and brought into an association with the selected target audience. Finally, a summary of recommendation will finish this paper.
