Puma CVX tractors are available with CVX continuously variable drive technology, offering seamless travel from standstill up to 50 km/h, which can be achieved at a fuel-frugal 1,550 rpm (Puma 185-240 CVX). CVX transmissions use a DKT (Doppel-Kupplungs-Technologie) double clutch system for optimal performance.

IH

Case IH can equip your Puma with an automatic Climate Control system, a premium heated seat with its own suspension system, or a grid heater starting aid for fast, reliable starts in winter weather. There's also a High Intensity (HID) lighting option that's five to six times brighter than standard lighting, and lasts 6,000 hours longer – because your work day doesn't always end at sunset.
