us. Artificial Indicators. Litmus Litmus is the most ordinarily used natural chemical indicator used. It is the answer to various sorts of dyes naturally obtained from lichens.

~~Chemical Indicators - Definition and Types~~

Get Free Chemical Indicators It S Not Just A

It is important to note that chemical indicators alone do not confirm that an item is sterile. Chemical indicators must be used as part of comprehensive quality control program, that also includes the use of biological indicators and physical monitors, to assure that the conditions for sterilization were met.
