Innovation. Collaborations between companies and universities are critical drivers of the innovation economy. As many corporations look to open innovation to augment their internal R&D efforts, universities have become essential partners.

Developing Successful Strategic Partnerships with ...

Open communication lays the foundation for successful strategic partnerships, ensuring clarity of objectives, trust and strong relationships. On the operational level, the most important group to involve, from both companies, is middle management since their objectives are often conflicting.

Strategic Partnerships - IMD business school
Companies regularly seek partners with complementary capabilities to gain access to new markets and channels, share intellectual property or infrastructure, or reduce risk. The more complex the business environment becomes—for instance, as new technologies emerge or as innovation cycles get faster—the more such relationships make sense. And the better companies get at managing individual relationships, the more likely it is that they will become “partners of choice” and able to build ...
