The "highly entertaining and thoroughly reprehensible" #1 New York Times bestseller—now with sixteen pages of photos and a new introduction (The New York Times). My name is Tucker Max, and I am an asshole. I get excessively drunk at inappropriate times, disregard social norms, indulge every whim, ignore the consequences of my actions, mock idiots and posers, sleep with more women than is safe or reasonable, and just generally act like a raging dickhead. But, I do contribute to humanity in one very important way: I share my adventures with the world. --from the Introduction Actual reader feedback: "I find it truly appalling that there are people in the world like you. You are a disgusting, vile, repulsive, repugnant, foul creature. Because of you, I don't believe

#1 New York Times Bestseller □ Funny and smart as hell □ (Bill Gates), Allie Brosh's Hyperbole and a Half showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog Hyperbole and a Half the internet rejoices. This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, □ The God of Cake, □ □ Dogs Don't Understand Basic Concepts Like Moving, □ and her astonishing, □ Adventures in Depression, □ and □ Depression Part Two, □ which have been hailed as some of the most insightful meditations on the disease ever written. Brosh's debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn't me wrote it—but I soon discovered that I'm not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars* Stories about dogs The secret to eternal happiness* *These are lies. Perhaps I have underestimated my sneakiness!

Kids will find giggles, groans, and belly laughs on every page! Kids

can't resist sharing jokes (even when you try to stop them), so they always need a fresh supply. We've stuffed the pages of this little book with the silliest jokes we could find. Old favorites, new favorites, and a few festering stinkers—all guaranteed to make kids laugh out loud. Here's a sampling: Q. Why was the skeleton afraid to cross the road? A. He had no guts. Q. What did the lips say to the eyes? A. Between you and me, something smells. Q. Why did all of the students eat their homework? A. The teacher said the questions were a piece of cake.

This book is a list of 913 completely idiotic ways that you can be a jack ass! Be aware that I did not have this edited. I realize this is a major mistake, and if I were to attempt "writing" again, I won't make it again. The formatting is bad and there are even grammatical errors...Believe me...this disappoints me as well. This being said, if you like to READ, this book is probably not for you. If you like to LAUGH, then I guarantee you will laugh. If you like to read and laugh, then hopefully you can look past the errors. Some ideas here might be offensive to some, and there is some mild profanity. But, it's funny.

Life According to Brian chronicles forty-four stories of mishap and misadventure of a scale unparalleled in modern man. Disguised in comedy to protect the seriously guilty, the story follows Brian's escapades traversing the world and captures not only the lunacy of life but the luck involved in avoiding one's own death. The guidebook for the mentally impaired includes: poaching, drugs, imprisonment, kidnapping, poisonings, alien hunters, crocodile suicide and much, much more... The sorry episodes are being played out via a game of chess. God and Charles Darwin, seeking to save mankind, are plotting Brian's untimely demise. The winner of each play gets to choose the method of death. Constantly interrupted by visiting deities, kings, queens and E.T., the two main players are frustrated in their attempts to have some peace and play
