The premise of the book is that Gregory Heisler discusses 50 portraits, creating an essay for each photograph and often contrasting the image, with a second image from the same shoot. The first part of each essay is about the shoot itself, telling a story as much about the photographer and his thoughts about a shoot and often the story behind it.

Gregory Heisler's book '50 Portraits Stories and techniques from a photographer's photographer', is quite a serious book about photography. The tone is set by this book being a hardback, which just feels to me a little more special than a soft back. The front cover looks serious, dark and moody (though the story inside about the cover picture ...
