Combining classic international economics with straight-from-the-headlines immediacy, Feenstra and Taylor 's text seamlessly integrates the subject 's established core content with topic areas and ideas that have emerged from recent empirical studies. A

## MODERN APPROACH FOR THE 21ST CENTURY

International economics texts traditionally place greater emphasis on theory and a strong focus on the advanced countries.

Feenstra/Taylor links theory to empirical evidence throughout the book, and incorporates coverage of emerging markets and developing economies (India, China, SE Asia) to reflect the evolving realities of the global economy. The new edition has been extensively revised and updated, especially in light of the ongoing world financial crisis. NOTE: Feenstra/Taylor, International Economics, Second Edition, is available in four versions:

studies. Like no other textbook it brings cutting-edge theory, evidence, and policy analysis to the field of international economics. International Economics is available as a complete textbook or in two split volumes: International Trade and International Macroeconomics.

The international economy has seen a great deal of change over recent years, and there is much talk in the media of the impact of emerging markets such as India and China. Giving a new perspective on International Economics in the age of globalisation, this engaging text addresses economics with a whole-world perspective, including developing countries and puts emphasis on empirical study. With its many examples pulled from today's headlines, Feenstra/Taylor will be the ideal book for instructors
