the secondary levels. Committed to the Education for All objectives, the government further encouraged greater access to school. At twenty-seven, fleeing an abusive marriage with little more than her kids and the clothes on her back, Ivy Peterman figures she has nowhere to go but up. Quaint, historic New Bern, Connecticut, seems as good a place as any to start fresh. With a part-time job at the Cobbled Court Quilt Shop and budding friendships, Ivy feels hopeful for the first time in ages. But when a popular quilting TV show is taped at the quilt shop, Ivy's unwitting appearance in an on-air promo alerts her ex-husband to her whereabouts. Suddenly, Ivy is facing the fight of her life--one that forces her to face her deepest fears as a woman and a mother. This time, however, she's got a sisterhood behind her: companions as complex, strong, and lasting as the quilts they stitch.

as uniquely hated as those smug, entitled, floor-slapping, fist-pumping, insufferable Blue Devils. The loathing has almost reached the level of a religion. Christian Laettner is a punk. Amen. The Cameron Craziest are obnoxious. The Plumlees are worthless times three. Coach K is a jerk. Kumbaya. The team is dogged by an intense hatred that no other team can match—and for good reason. Millions of hoops fans and March Madness aficionados around the world are not imagining things. Duke really is evil, and within the pages of *Duke Sucks*, Reed Tucker and Andy Bagwell show readers exactly why Duke deserves to be so detested. They bruise and batter the Blue Devils with fact after fact, story after story, statistic after statistic. They build an airtight case that could stand up in a court of law. So sit back in your "I Hate Duke" t-shirt, and in true Duke fashion, force someone poorer than you to do your work as you crack open the ultimate guide to Duke suckitude.

There are over 2000 registered historic buildings in Shanghai, with hundreds more waiting to be added. Most are pre-War structures and are either Western buildings, or Chinese-style buildings with a distinct Western influence. These include villas, offices, apartment buildings and shikumen (a house of both wood and brick). Structures were selected for this book because of the interesting stories behind them or because they were related to a topical news event.
