Lumberjanes #1 was an enticing start to what looks like might be a fun story about some rebellious girls who are away at summer camp. It mixes a bit of supernatural mystery with adventure and brave chicks. Unfortunately, it was a bit disappointing that it was so short at just 27 pages. Just as I was getting a feel for everything, it was over.

Lumberjanes Series by Noelle Stevenson - Goodreads

This volume is only the first half of the overarching mystery of the first eight issues, but it still feels like a complete story, comic-wise. It introduces the characters and the world, the mystery they want to solve, and it ends on a cliffhanger. Do I wish all 8 issues were in here, so people could have a better chance of catching up?
