After three years of dating, Anita Jain finally got fed up with the New York singles scene. As her Indian parents continued to pressure her to find a mate, Jain couldn't help asking herself the question: is arranged marriage really any worse than Craigslist? Full of romantic chance encounters, nosy relatives, and dozens of potential husbands, *Marrying Anita* is a refreshingly honest look at our own expectations and the modern search for the perfect mate.

A sensuous and richly-imagined historical novel that centers on a skilled young carpet weaver, her arranged marriage, and her quest for self-determination in 17th-century Persia. In 17th-century Iran, a 14-year-old woman believes she will be married within the year. But when her beloved father dies, she and her mother find themselves alone and without a dowry. With nowhere else to go, they are forced to sell the brilliant turquoise rug the young woman has woven to pay for their journey to Isfahan, where they will work as servants for her uncle, a rich rug designer in the court of the legendary Shah Abbas the Great. Despite her lowly station, the young woman blossoms as a brilliant designer of carpets, a rarity in a craft dominated by men. But while her talent flourishes, her prospects for a happy marriage grow dim. Forced into a secret marriage to a wealthy man, the young woman finds herself faced with a daunting decision: forsake her own dignity, or risk everything she has in an effort to create a new life.

The essays in *Marriage Proposals* envision a variety of scenarios in which adults would continue to join themselves together seeking permanent companionship and sustenance, linking sexual intimacy to a long commitment, usually caring for each other, and building new families. What would disappear are the legal consequences associated with marriage. No joint income tax return; no immigration privileges like the “fiancée visa” or the right to bring in a husband or wife; no special statuses for prison visits or hospital decisions; no prerogative to remain silent in court by claiming “confidential marital communications”; no pension entitlements; no marital benefits and detriments regarding criminal or civil liability. The anthology makes a unique contribution amid the two marriage furors of the day: same-sex marriage and the Bush Administration's “marriage movement” (that marrying is good and more marriages would be better for society). Abolishing the legal category of marriage is the only policy suggestion in current American discourse that speaks to both causes. Activists on both sides of the same-sex marriage fight, along with marriage movement partisans, all seek improvement through law reform. *Marriage Proposals* gives them a viable reform—abolition of marriage as a legal status—for fighting battles in the courtroom and the streets. Contributors include Anita Bernstein, Peggy Cooper Davis, Martha Albertson Fineman, Linda C. McClain, Marshall Miller, Lawrence Rosen, Mary Lyndon Shanley, and Dorian Solot.

Holocaust, this “heartfelt and memorable tale of family, love, resilience, and the triumph of human spirit” (Pam Jenoff, New York Times bestselling author) spans World War II from Budapest to Austria and the postwar years from Naples to Caracas, perfect for fans of *The German Girl* and *We Were the Lucky Ones*. Spring 1946: Best friends Vera Frankel and Edith Ban arrive in Naples. Refugees from Hungary, they managed to escape from a train headed for Auschwitz and spent the rest of the war hiding on an Austrian farm. Now, the two young women are starting new lives abroad. Armed with a letter of recommendation from an American officer, Vera finds work at the United States embassy where she falls in love with Captain Anton Wight. But as Vera and Edith grapple with the aftermath of the war, so too does Anton, and when he suddenly disappears, Vera is forced to change course. Their quest for a better life takes Vera and Edith from Naples to Ellis Island to Caracas as they start careers, reunite with old friends, and rebuild their lives after terrible loss. Moving, evocative, and compelling, *The Light After the War* is a timely and “unforgettable story of strength, love, and survival” (Jillian Cantor, USA TODAY bestselling author).

Standing on a railway platform in a Swiss resort town, sensibly clad in his Burberry raincoat and walking shoes, a man thinks he may be looking at the woman for whom he ruined his life many years earlier. Alan Sherwood, a quiet English solicitor, remembers back to a time when he stepped briefly out of character to indulge in a liaison with Sarah Miller, an intriguing but heartless distant

relative--only to find himself in a series of absurd situations that culminated in his marriage to Sarah's clinging, childlike friend Angela. With her compassionate portrait of a man who has paid a terrible price for his folly, Anita Brookner gives us a novel that is at once harrowing and humane. In the traditions of Henry James and Thomas Mann, *Altered States* is a beautifully rendered tale of loneliness, guilt, and erotic obsession.

The dramatic true story of a celebrated young survivor of a 1919 British massacre in India, and his ferocious twenty-year campaign of revenge that made him a hero to hundreds of millions—and spawned a classic legend. When Sir Michael O'Dwyer, the Lieutenant Governor of Punjab, ordered Brigadier General Reginald Dyer to Amritsar, he wanted Dyer to bring the troublesome city to heel. Sir Michael had become increasingly alarmed at the effect Gandhi was having on his province, as well as recent demonstrations, strikes, and shows of Hindu-Muslim unity. All these things, to Sir Michael, were a precursor to a second Indian revolt. What happened next shocked the world. An unauthorized gathering in the Jallianwallah Bagh in Amritsar in April 1919 became the focal point for Sir Michael's law enforcers. Dyer marched his soldiers into the walled garden, blocking the only exit. Then, without issuing any order to disperse, he instructed his men to open fire, turning their guns on the thickest parts of the crowd, filled with over a thousand unarmed men, women, and children. For ten minutes, the soldiers continued firing, stopping only when they ran out of ammunition. According to legend, eighteen-year-old Sikh

orphan Udham Singh was injured in the attack, and remained surrounded by the dead and dying until he was able to move the next morning. Then, he supposedly picked up a handful of blood-soaked earth, smeared it across his forehead, and vowed to kill the men responsible. The truth, as the author has discovered, is more complex—but no less dramatic. Award-winning journalist Anita Anand traced Singh's journey through Africa, the United States, and across Europe until, in March 1940, he finally arrived in front of O'Dwyer himself in a London hall ready to shoot him down. *The Patient Assassin* shines a devastating light on one of history's most horrific events, but it reads like a taut thriller and reveals the incredible but true story behind a legend that still endures today.

A leading expert in the field of women's sexuality looks at why women are frequently willing to settle for mediocre sex, even when they demand the best in other areas of their lives, explaining how feminine desire and women's attitudes toward sex are shaped by decades of indoctrination by parents, teachers, religious leaders, romantic partners, and the media. 50,000 first printing.

A candid, heartfelt love story set in contemporary California that challenges the idea of what it means to be American, liberated, and in love When Huda meets Hadi, the boy she will ultimately marry, she is six years old. Both are the American-born children of Iraqi immigrants, who grew up on opposite ends of California. Hadi considers Huda his childhood sweetheart, the first and only girl he's ever loved, but

Huda needs proof that she is more than just the girl Hadi's mother has chosen for her son. She wants what many other American girls have--the entertainment culture's almost singular tale of chance meetings, defying the odds, and falling in love. She wants stolen kisses, romantic dates, and a surprise proposal. As long as she has a grand love story, Huda believes no one will question if her marriage has been arranged. But when Huda and Hadi's conservative Muslim families forbid them to go out alone before their wedding, Huda must navigate her way through the despair of unmet expectations and dashed happily-ever-after ideals. Eventually she comes to understand the toll of straddling two cultures in a marriage and the importance of reconciling what you dreamed of with the life you eventually live. Tender, honest and irresistibly compelling, *First Comes Marriage* is the first Muslim-American memoir dedicated to the themes of love and sexuality. Huda and Hadi's story brilliantly circles around a series of firsts, chronicling two virgins moving through their first everything: first hand holding, first kiss, and first sexual encounter. *First Comes Marriage* is an almost unbearably humanizing tale that tucks into our hearts and lingers in our imagination, while also challenging long-standing taboos within the Muslim community and the romantic stereotypes we unknowingly carry within us that sabotage some of our best chances for finding true love.

predicament. Inspired by real events and told from each woman's perspective, these short stories are firsthand accounts detailing the realities of marriage well after each woman said, "I do." Four women represent *The Voiceless Wife*. Although circumstances vary, these women give their power away to friends and family. The result is a loss of intuition and self. *The Detached Wife* symbolizes five different ways wives can be disconnected from their husbands and themselves. Sex, intimacy and self-discovery are central to understanding these women's narratives. *The Committed Wife* includes three women who demonstrate the depths of devotion. These final stories show that wives sometimes need more than loyalty to be happy.
