The Tool Kit No Relationship Should Be Without Long-term happiness in love depends on a couple's ability to repair the inevitable rifts and differences, large and small, that occur in any relationship. Neuroscience suggests that relationship upsets are best mended quickly, or they accumulate in long-term memory, increase reactive communication, and become harder to repair successfully. And good repair takes five minutes or less! This book offers practical tools and suggested scripts for resolving problems and having your needs met. Following its guidance, you can turn difficulties into opportunities to foster love, trust, and thriving intimacy.

The BBB-4 Big Blue Book of Bicycle Repair by Calvin Jones is packed with easy-to-follow, step-by-step procedures, color photos and repair tips for keeping almost any road or off-road bike running smoothly and trouble-free. Whether it's repairing a flat tire, adjusting brakes and shifting systems, truing wheels, or maintaining hub, headset and bottom bracket bearing systems, the BBB-4 has you covered. Thoroughly researched and revised, the 4th edition of the Big Blue Book contains updated photos, torque specifications and troubleshooting tables, along with new content on wheel building, electronic shifting, 12-speed and 1X drivetrains, tubeless tires, disc brakes, headset and bottom bracket standards, and more. Truly an indispensable tool and reference source for both the novice and advanced bicycle mechanic.
