[Pub.36] Download Music and the Mind by Anthony Storr PDF

Anthony Storr does a very good job describing the various facets of the complex interplay between music and mind. He points to the biological bases of it, explores the philosophical debates around it and gives accounts of basic music theory. He is a good writer and manages to engage the reader's interest through most of the book.

music that we are liable to forget that, for most of its history, music has been predominantly a group activity. Music began by serving communal purposes, of which religious ritual and warfare are two examples. It has continued to be used as an accompaniment to collective activities; as an adjunct to social ceremonies and public occasions.

Amazon.co.uk:Customer reviews: Music and the Mind

48 quotes from Anthony Storr: 'It is true that many creative people fail to make mature personal relationships, and some are extremely isolated. It is also true that, in some instances, trauma, in the shape of early separation or bereavement, has steered the potentially creative person toward developing aspects of his personality which can find fulfillment in comparative isolation.'
