Kendall College, a Presbyterian school, moved to Tulsa from Muskogee in 1907. This school, the forerunner of the University of Tulsa, became the start of higher education in Tulsa. By the time Oklahoma achieved statehood in 1907, Tulsa had a population of 7,298. According to the 1910 U. S. census, the population of Tulsa had increased to 18,182.

Reading Through History is pleased to present Oklahoma History: Volume Two. This is the student edition of Volume Two. It includes 154 pages of student activities related to the major figures and events in Oklahoma History from 1907 through the present day. The workbook is divided into six complete units. Every Oklahoma History teacher should be eager to have these workbooks in students hands. This resource manual is sure to be a perfect fit for any classroom, whether it be elementary school, middle school, or high school. There are 32 reading lessons in all, and each has several pages of student activities to accompany the reading, including multiple choice questions, guided reading activities, vocabulary exercises, and student response essay questions. Topics include the Green Corn Rebellion, Tulsa Race Riot, Dust Bowl, Oil Booms, and the Oklahoma City Bombing. There is also a focus on major figures such as Jim Thorpe, Frank Phillips, "Alfalfa" Bill Murray, Will Rogers, Wiley Post, Woody Guthrie, and many more. Oklahoma History: Volume Two also highlights Oklahoma geography, including lakes and city locations. 8 different map assignments will help students gain an understanding of the state's topography.

Located in the Oklahoma Collection.

The story of banking in twentieth-century Oklahoma is also the story of the Sooner State's first hundred years, as Michael J. Hightower's new book demonstrates. Oklahoma statehood coincided with the Panic of 1907, and both events signaled seismic shifts in state banking practices. Much as Oklahoma banks shed their frontier persona to become more tightly integrated in the national economy, so too was decentralized banking revealed as an anachronism, utterly unsuited to an increasingly global economy. With creation of the Federal Reserve System in 1913 and subsequent choice of Oklahoma City as the location for a branch bank, frontier banking began yielding to systems commensurate with the needs of the new century. Through meticulous research and personal interviews with bankers statewide, Hightower has crafted a compelling narrative of Oklahoma banking in the twentieth century. One of the first acts of the new state legislature was to guarantee that depositors in state-chartered banks would never lose a penny. Meanwhile, land and oil speculators and the bankers who funded their dreams were elevating get-rich-quick (and often get-poor-quick) schemes to an art form. In defense of country banks, the Oklahoma Bankers Association dispatched armed vigilantes to stop robbers in their tracks. Subsequent developments in Oklahoma banking include adaptation to regulations spawned by the Great Depression, the post-World War II boom, the 1980s depression in the oil patch, and changes fostered by rapid-fire advances in technology and communication. The demise of Penn Square Bank offers one of history's few unambiguous lessons, and it warrants two chapters—one on the rise, and one on the fall. Increasing regulation of the banking industry, the survival of family banks, and the resilience of community banking are consistent themes in a state that is only a few generations removed from the frontier.

Divided into four volumes, Race and Ethnicity in America provides a complete overview of the history of racial and ethnic relations in America, from pre-contact to the present. Contextualizes the political experiences and contributions of minorities within American politics, society, and culture Includes people of color (e.g., African Americans, Latinos, Asians, and American Indians), those of mixed races, and ethnic groups that experienced minority status in politics, particularly in the 19th century (e.g., Irish, Jewish, Italian) Features chronological organization as well as a historical overview and timeline for contextual understanding and ease of reference Comprises A–Z entries that detail the political, social, and cultural histories of racial and ethnic minority groups, and concludes with a curated selection of key primary source documents Provides cross-disciplinary information that explores the experiences of racial and ethnic minorities in America over a period of five hundred years through history and social

studies, political science, and ethnic studies

The product of two of Oklahoma's foremost authorities on the history of the 46th state, *Oklahoma: A History* is the first comprehensive narrative to bring the story of the Sooner State to the threshold of its centennial. From the tectonic formation of Oklahoma's varied landscape to the recovery and renewal following the Oklahoma City bombing, this readable book includes both the well-known and the not-so-familiar of the state's people, events, and places. W. David Baird and Danney Goble offer fresh perspectives on such widely recognized history makers as Sequoyah, the 1889 Land Run, and the Glenn Pool oil strike. But they also give due attention to Black Seminole John Horse, Tulsa's Greenwood District, Coach Bertha Frank Teague's 40-year winning streak with the Byng Lady Pirates, and other lesser-known but equally important milestones. The result is a rousing, often surprising, and ever-fascinating story. Oklahoma history is an intricate tapestry of themes, stories, and perspectives, including those of the state's diverse population of American Indians, the land's original human occupants. An appendix provides suggestions for trips to Oklahoma's historic places and for further reading. Enhanced by more than 40 illustrations, including 11 maps, this definitive history of the state ensures that experiences shared by Oklahomans of the past will be passed on to future generations.

A collection of interviews in which Native Americans from the five largest southwestern Indian groups, the Cherokees, Chickasaws, Choctaws, Creeks, and Seminoles, recount the turmoil their tribes faced in the years between the Civil War and Oklahoma statehood.
