Draws on research with hundreds of interviewees to identify the pervasive influence of cultural shame, discussing how women can recognize the ways in which shame influences their health and relationships and can be transformed into courage and connectivity.

Well now, prove it, Sheila. As John would say, 'Put your money where your mouth is.' Be a depressed widow boring the arse off everyone, or get on with life. Your choice. In The Two of Us Sheila relived her life with John Thaw - years packed with love and family, delight and despair. And then she looked ahead. What next? Gardening, grannying and grumbling, while they all had their pleasures, weren't going to fill the aching void that John had left. 'Live adventurously', a Quaker advice, was hovering around her brain. Putting her and John's much loved house in France on the market she embarked on a series of journeys. She tried holidaying alone, contending with invisibility and budget flights. She tried travelling in a group, but the questions she wanted to ask were never the ones the guide wanted to answer. She tried relaxing - harder than you might think. Finally, heading out of her comfort zone, she found her travels, and the things she discovered, led her back to her past; to consider her generation - the last to experience the Second World War - and the kind of person it made her. Just Me is a book about moving on, but it is also about looking back, and looking anew. Sheila, whether facing down burglars and Easyjet staff or making friends with waiters and taxi drivers, whether unearthing secrets in Budapest, getting arrested in Thailand, exulting in the art of Venice or searching for a decent cup of coffee in Dorset, is never less than stimulating company. Honest - because if you can't say what you think at seventy-three, when can you? - insightful and wonderfully down to earth, she is a woman seizing the future with wit, gusto and curiosity, on her own.

We all need somewhere where we feel safe... After leaving her abusive husband, Katherine Marshall is out on her own for the first time. She's hopped from city to city to avoid the man who made her life a living hell. When it seems she's finally found a new place where she begins to feel safe, she slowly grows confident that her life is looking up. A chance meeting with Ben O'Leary sets her life on a course and her soul on fire. Ben launched a business that went on to viral success while he was in college, and now as a thriving entrepreneur, he's most interested in maximizing profits. A billionaire living the dream But all that changes when he sets his eyes on Katherine. Things between the two heat up as they fall hard and fast-that is, until she gets an unexpected surprise that will test the strength of their relationship. If you're feeling lonely, doubtful, and hurt-you aren't alone. But what if you realized you can experience true trust? Many women joke about having trust issues-laughing at their struggle because it feels common but secretly feeling there is no hope. Grace Valentine was one of them. In her twenties, she realized her trust issues were not humorous because, in reality, hers were trust issues with Jesus, her community, her family, and herself. And they were destroying her faith. Grace told herself she was simply being realistic, but the truth was, she was entangled with doubt and lies. In Grace's second book, Is It Just Me?, she offers readers a new perspective by helping them find answers to five deeply felt questions: Am I the only one who is tired, overwhelmed, doubting, and fearful? Am I the only one who feels hurt and lonely? Am I the only one who still is struggling to find my purpose? Am I the only one struggling to trust that God is there? Am I the only one confused about how to be an adult? Grace's personal story and perceptive insights show other young women that they are not alone and they can trust God in the middle of their hurts, doubts, and fears.
