I have had the Pioneer VSX-454 receiver for well over 10 years and it has proved to be a quality and reliable workhorse. I use it every day to listen to all kinds of music (classical, jazz, electronic, metal) and the VSX-454 has rendered all of it with competence and vigour.

I cannot see the 454 on Pioneer's website, but I can see a VSX-45TX. Not sure if this is the same or maybe just a different country's model. Worth a look though.
