On the technological, decadent world of Proton, someone was trying to destroy Stile, serf and master Gamesman. His only escape lay through a mysterious “curtain” revealed by a loving robot. Beyond the curtain lay Phaze—a world totally ruled by magic. There, his first encounter was with an amulet that turned into a demon determined to choke him to death. And there, he soon learned, his alternate self had already been murdered by sorcery, and he was due to be the next victim. “Know thyself!” the infallible Oracle told him. But first he must save himself as he shuttled between worlds. On Proton, his fate depended on winning the great Games. On Phaze, he could survive only by mastering magic. And if he used any magic at all, the werewolf and the unicorn who were his only friends were determined to kill him at once!

Golding’s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Kidnapped as a teenage girl, Ma has been locked inside a purpose built room in her captor’s garden for seven years.
