AS A CYCLIST. - Always use any available bike lanes if they allow you to ride alongside the main flow of traffic, rather than directly in it. - Stay as close to the left side of the road as possible, and avoid drifting towards the centre of the lane. Always ride in the direction of traffic flow, and never against it.

A Practical Guide to Road Safety Tips in 2018 | RS Components

The more voices pushing for change, the better our chance of making the roads safer. To help, we have analysed the new framework and created a summary guide to follow if you wish. The framework takes a 'Safe System Approach' to meet the objectives of safe roads & roadsides, safe road users, safe vehicles, safe speeds, and post-crash response.
