Win the Crowd is a compact little book with some real substance for anyone who wants to get his or message across to others, whether before an audience or one-to-one. The ability to communicate effectively is perhaps the most "magical" force known. Found a number of ideas that I was able to put to good use right away.

Would You Like to Become More Commanding, Convincing, And Charismatic? In this book, Steve Cohen, master magician and star of the long-running Chamber Magic show in New York City, will reveal the secrets of all great showmen and magicians—how to persuade, influence, and charm, and ultimately accomplish the things you've always wanted to do. As Cohen writes, "You'll discover how to take over a room, read people, and build anticipation to a feverish pitch so people are burning to hear what you have to say." Win the Crowd will teach you Steve Cohen's Maxims of Magic, simple rules you can use to take charge of practically any situation, from on-the-job disagreements to dating to important cocktail parties. The Maxims of Magic will wash away insecurities and hesitations, and replace them with confidence, poise, and leadership. What's more, Steve Cohen will show you: How to Create a Magic Moment. Capturing people's imaginations and attention so they listen carefully to every word you say. How to Command a Room. Showing everyone in the room that you are speaking right to them, making them all feel unique—and completely focused on you. How to Read People. Learning to sense what people are feeling and thinking as you speak, what they want from you, and how to make them feel like they are getting it. Misdirection. The most important trick in all of magic—getting inside people's heads, and directing what they are thinking at every minute. When you strip away the sleight of hand tricks, magicians are essentially masters of attracting and holding attention and impressing audiences, exactly the psychological secrets you need to be successful in life and business.

An illuminating biography of the man who taught Americans "how to win friends and influence people" Before Stephen Covey, Oprah Winfrey, and Malcolm Gladwell there was Dale Carnegie. His book, How to Win Friends and Influence People, became a best seller worldwide, and Life magazine named him one of "the most important Americans of the twentieth century." This is the first full-scale biography of this influential figure. Dale Carnegie was born in rural Missouri, his father a poor farmer, his mother a successful preacher. To make ends meet he tried his hand at various sales jobs, and his failure to convince his customers to buy what he had to offer eventually became the fuel behind his future glory. Carnegie quickly figured out that something was amiss in American education and in the ways businesspeople related to each other. What he discovered was as simple as it was profound: Understanding people's needs and desires is paramount in any successful enterprise. Carnegie conceived his book to help people learn to relate to one another and enrich their lives through effective communication. His success was extraordinary, so hungry was 1920s America for a little psychological insight that was easy to apply to everyday affairs. Self-help Messiah tells the story of Carnegie's personal journey and how it gave rise to the movement of self-help and personal reinvention.

Physical retail isn't dead—but boring retail is! Remarkable Retail equips the savvy retailer with eight essential strategies to deliver a powerful customer experience. Despite the clickbait headlines that warn of a "retail apocalypse," many brick and mortar retail brands are enjoying strong growth and profits. Others, however, are destined to become obsolete because they offer merely convenience, decent prices, or an okay shopping experience. In Remarkable Retail, industry thought leader Steve Dennis argues that retailers can no longer count on scarcity to drive sales, or settle for providing indifferent in-store experiences, because customers live online and have a wealth of choice and information at their fingertips. In the book, Dennis unpacks the trends that are squeezing traditional stores and presents eight essential strategies for visionary retail leaders who are prepared to reimagine the customer experience in the age of digital disruption. A remarkable retailer is digitally enabled, human centered, harmonized, mobile, personal, connected, memorable, and radical. In most retail categories, digital channels are now central to the consumer's journey, but that doesn't mean people aren't also shopping in stores. Packed with illuminating case studies from some of modern retail's biggest success stories, Remarkable Retail shows retailers and those in adjacent industries such as manufacturing, marketing, and tech, what it takes to create big buzz around the in-store experience. In an age where consumers have short attention spans and myriad options, Remarkable Retail is your crucial roadmap to creating a powerful retail experience that keeps your customers coming back for more.

An inspiring parable on the greatest leadership lesson of all—that the best leaders go beyond the tenets of the Golden Rule and help others to be better than they are themselves Too many people assume that the timeless principles of genuine leadership—of helping others achieve their full potential—don't apply Monday through Friday during work hours or in any circumstance where a paycheck is involved. In Greater Than Yourself, Steve Farber proves them wrong. With this powerful and eye-opening story, Farber shows that the goal of true leadership is to help others—teammates, employees, and colleagues—become more capable, confident, and accomplished than their leaders. Through the actions of a forward-thinking and extraordinarily successful CEO, Farber reveals the three keys to achieving what he calls GTY: Expand Yourself, Give Yourself, and Replicate Yourself. Filled with thought-provoking ideas and actionable principles, Greater Than Yourself offers a powerful message for today's business leaders.
